

This seminar aims to foster religious harmony in Singapore through community participation. It is therefore necessary to expose the participants to some basic knowledge of the concept of 'public space' in Singapore. This is crucial in heightening their awareness to some possible cause of religious tension in the community and the country as a whole. The seminar also aims to prepare the participants to pre-empt some of the possible conflicts.

INTERFAITH DIALOGUE (FOR YOUTHS)

Program Outline

- Types of public spaces in Singapore:
 - Introduction
 - Small group discussions
- Rights to religious expressions:
 - What principles do we follow in public space to manage the expression of religious practices/values without impinging on the rights of others?
- Avenues to handle unresolved/unresolvable religious tensions

Workshop Objectives

- To promote discussion and dialogue to achieve better understanding and greater consensus towards a desired outcome.
- To increase awareness of religious expression, religious rights and religious sensitivity.
- To explore the avenues/recourse/principles in handling unresolved issues related to religious harmony in Singapore.
